WL-CF Tubing - Flat Pad

Types "WL" and "WL-CF" welding terminal lugs have extra heavy castings, recessed bolt heads in the pad and are supplied with bolt shields to protect against corona. Customer to specify "T" dimension so correct length of hardware can be furnished. Type "WL" is a side formed lug as shown in Figure. Type "WL-CF" has the terminal pad on the same line as the centerline of the tubing. 4" x 4" pad. For up through 550 kV. Welding terminal lugs are also available for 15°, 30° 45°. and 90°.
